FOREWORD

All praises are for Almighty Allah, the Lord of the entire world, creator of the universe, nourisher of all creatures, the Most Beneficent, the Most Kind and the Most Merciful. We are unable to count or measure his blessings and sympathies.

It is a living miracle of the truth of Islam that, though it has neither a backing of huge missionary corporations, nor does it have any authentic literature in foreign languages, yet people after people, attracted to it by its inherent, magnetic force, keep on embracing this religion of love and universal brotherhood. Islam is not a new religion, but a divinely-executed combination of all the old inspired ones and provides the via media. Islam is the only religion, the sacred Book of which, the Holy Quran is preserved intact its pristine purity and an authentic record of the minutest details of the eventful life of its promulgator, Prophet Muhammad (May peace and blessings of Allah be on him) is extant to this day after a lapse of more than thirteen centuries.

The necessity of the presentation of **The Elementary Teachings of Islam**, explaining its Cardinal Articles of Faith and Fundamental principles in the simplest possible English language is, therefore, obvious; for such a publication would not only serve to acquaint the English knowing new Muslims with the essentials of faith and the directions for engaging in devotion to Allah, but also supply the long felt need of a handy book for imparting the rudiments of Islam to the Muslim Children of those countries of Islam where the English language rules supreme and children are sent away to school using English as medium of instruction without having any knowledge, whatsoever, of their religion.

The present **Booklet** entitled "**Quranic Quotes**" has been compiled by dear hardworking student **Javed Akhtar Alimi** from **Almiyat Final Year**. Really this hardworking student has done his best. He has collected very important points as - Faith, Monotheism, Prophet ﷺ, Trust in Allah, Guidance, Knowledge, Nafs, Jihad, Patience, Morality, Gratitude, Justice, Piety, Hereafter, Heaven, Hell, Parents, Worship, Namaz, Ramzan, Charity, Beggar, Unity and supplication etc.

This student has a deep wish to publish it on the occasion of the annual function of **Dastar Bandi in Darul Uloom Alimia Jamda Shahi, Basti** as an invitation. Really it a gift for Muslim community. With the help of the above important topics every English knowing person can understand it.

I am hopeful that this booklet will achieve its targets and satisfy to all readers.

May Allah grant this student more and more knowledge and accept his great service.

PREFACE

By Javed Akhtar Alimi on 15 February 2025

All praises are for Allah, the Most Merciful, Who has blessed us with the guidance of the Quran. Peace and blessings be upon the Prophet Muhammad ﷺ, his family, and his companions, who are the beacons of guidance.

I wrote this book because I noticed that many Muslims often use and promote the quotes of various philosophers in their daily lives and on social media. While wisdom can be found in many places, the greatest wisdom is in the words of Allah. With this thought in mind, I compiled selected verses from the Quran in the form of quotes so that people can recognize the depth of Quranic wisdom and apply it in their lives.

When I began writing this book, I focused on making the meanings of the Quran easy to understand. I used *Kanzul Iman*, which is the most excellent translation of the Quran, and conveyed its meanings in simple English so that even those with basic English skills could benefit from it.

I started writing this book on 27 May 2024 AD (19 Zulqaida 1445 AH), and by the grace of Allah, I completed it on 31 January 2025 AD (1 Shaban-ul-Moazzam 1446 AH).

I pray that this book becomes a source of guidance and inspiration for all who read it. May Allah accept this effort and make it beneficial for the Believers.
